C.L. believes that gardening is one of the most life-affirming things we can do, so she is dedicated to drawing people into the garden. She speaks enthusiastically about a variety of subjects from flowers to vegetables, trees to turf. Regular features on her radio program, *GardenLine*, include *I Love This Plant/I Hate This Plant* and *Green Thumbs Up/Green Thumbs Down*.

"C.L. is not only knowledgeable, but very down to earth. Her presentations are a joy! She presents facts along with a dose of humor that makes them appealing to gardeners of all ages."

Stephanie Cohen, Lecturer and author of "The Perennial Gardener's Design Primer"

"I guess you know that your talk yesterday for the Nauset Garden Club meeting was a HUGE success! We all loved it because: 1) Your delivery is flawless, 2) you are so knowledgeable, and 3) you have a great sense of humor!"

Dinny Goodwin, Orleans, MA

"I like to think of C.L. as my female alter-ego, except that she is smarter, funnier, and way better looking. I have been a professional gardener on Cape Cod for 20 years, and I still learn something new every time I open one of C.L.'s books. Her advice is always spot-on because she truly 'walks the walk' when it comes to gardening."
